EXAMINER'S AMENDMENT

1. An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on February 13, Scott Schulte requested an extension of time for 1 MONTH(S) and authorized the Director to charge Deposit Account No. 15-0461 the required fee of \$120 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 6, line 9, after "generator groove", delete "can be connected", and replace with --is cut into--.

In claim 7, line 9, after "generator groove", delete "can be connected", and replace with --is cut into--.

2. The following is an examiner's statement of reasons for allowance: Claims 6 and 7 now require a metering plate having a vortex flow generating groove that is cut into a wall face of a nozzle hole in the metering plate. The vortex flow generating groove being cut into the wall face of the nozzle hole requires the groove being formed integrally with the nozzle hole. This limitation in combination with the vortex flow

generator groove being formed to be increased or decreased toward the nozzle hole (claim 6) and the vortex flow generator groove is a rectangle, semi-ellipse, a triangle having one vertex on the nozzle hole side, a triangle having one vertex on the end portion side, or a comma-shape (claim 7) is not known or rendered obvious by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Seth Barney whose telephone number is (571)272-4896. The examiner can normally be reached on 7:30am-5:00pm (Mon-Fri), first Friday off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Dave Scherbel can be reached on (571)272-4919. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
